Nikhil Deshmukh

Android Developer (Kotlin)

ABOUT ME

Android developer with 5 years of experience shipping consumer apps in Kotlin. Used Java in the first year and for older modules. I care about smooth UI and small APK sizes.

EXPERIENCE

Senior Android Developer, Pixelforge Labs, Pune — Aug'23 - till date

- Rewrote the onboarding flow in Jetpack Compose, improving signup completion by 14%.
- Introduced MVVM with Hilt and Coroutines across the app.
- Consume REST APIs with Retrofit; no server side development.

Android Developer, Appnest Mobility, Pune — Nov'21 - Aug'23

- Built a ride booking app in Java and later Kotlin, 500k+ downloads.
- Integrated Google Maps, Firebase push notifications and payment SDKs.

EDUCATION

- B.E., Information Technology, Savitribai Phule Pune University, 2021
