Hyderabad

## EXPERIENCE

**Java Developer**, Lumen Bytes, Hyderabad — 06/2024 to Present

- Own the claims module of a health insurance portal: REST APIs, Hibernate mappings and Oracle queries.
- Added request validation and global exception handling, which removed most of the 500 errors reported by QA.
- Documented all APIs in Swagger so the frontend team could work without waiting on backend demos.

**Associate Software Engineer**, Tarang Software, Hyderabad — 11/2022 to 06/2024

- Developed CRUD modules and REST endpoints for an insurance policy administration system.
- Mapped 30+ entities with Hibernate and tuned lazy loading to fix slow policy search.

## EDUCATION

- B.Tech, Information Technology, JNTU Hyderabad, 2022 (7.9 CGPA)

## SKILLS

Java / Hibernate / REST APIs / Spring MVC / Oracle SQL / Swagger / Maven / Git / Postman
